To begin the entry process, an eligible participant must first visit devpost.com (the "Hackathon Site"), log into his/her/its account (or create an account if he/she/it does not already have one), and "register" for this Hackathon with the Hackathon Site. Based on this initial review, the Sencha will select a limited number of finalists. Those finalists will then be evaluated by a panel of judges selected by Sencha in its sole discretion ("Judges"), who will select the first, second, and third place Prizewinners to be awarded a Prize.
